## MATHEMATICS KEY ASSESSMENT CRITERIA

### A year 1 mathematician

#### **Number and place value**

- I can count to and across 100, forward and backwards, beginning with 0 or 1 from any number.
- I can count in multiples of 2, 5 and 10.
- I can count, read and write numbers to 100 in numerals.
- I can say what is one more or one less than any number.
- I can read and write numbers from 1 to 20 in numerals and words.
- I can identify and represent numbers using objects and pictorial representations including the number line and use the language of: equal to, more than, less than (fewer), most least

#### **Calculations**

- I can represent and use number bonds and related subtraction facts to 20.
- I can add and subtract 1-digit and 2-digit numbers to 20, including zero.
- I can read, write and interpret mathematical statements involving addition, subtraction and equals signs.
- I can solve one-step problems that involve addition and subtraction, using objects and pictorial representations.
- I can solve missing number problems.
- I can solve one-step problems involving multiplication and division, by using concrete objects, pictorial representations and arrays.

#### **Fractions**

- I can recognise, find and name a half of an object, shape or quantity.
- I can recognise, find and name a quarter of an object,

#### **Measurement**

- I can compare, describe and solve practical problems for lengths and heights; mass/weight; capacity and volume; and time.
- I can measure and begin to record lengths and heights; mass/weight; capacity and volume; and time.
- I recognise and know the value of different denominations of coins and notes.
- I can tell the time to the hour.
- I can tell the time to half past the hour.
- I can draw hands on a clock face to show these times.
- I can sequence events in chronological order using language.
- I recognise and use language relating to dates, including days, weeks, months and years

#### **Geometry – properties of shapes**

- I recognise and can name common 2D shapes (rectangles, including squares, circles and triangles).
- I recognise and can name common 3D shapes (cuboids, including cubes, pyramids and spheres).

#### **Geometry – position and direction**

- I can describe position, directions and movement, including half, quarter and three-quarter turns.

shape or quantity.

## A year 2 mathematician

### Number and place value

- I can count in steps of 2, 3 and 5 from 0, and in tens from any number, forward and backward.
- I can read and write numbers to at least 100 in numerals and in words.
- I can compare and order numbers from 0 up to 100; using  $<$   $>$   $=$  signs.
- I recognise the place value of each digit in a 2-digit number.
- I can identify, represent and estimate numbers using different representations, including the number line.
- I can use place value and number facts to solve problems.

### Calculations

- I can recall and use addition and subtraction facts to 20 fluently, and derive and use related facts up to 100.
- I can add and subtract mentally, including:
  - A 2-digit number and ones
  - A 2-digit number and tens
  - Two 2-digit numbers
  - Adding three 1-digit numbers
- I can add and subtract numbers using concrete objects and pictorial representations, including:
  - A 2-digit number and ones
  - A 2-digit number and tens
  - Two 2-digit numbers
  - Adding three 1-digit numbers
- I recognise and use the inverse relationship between addition and subtraction and use this to check calculations and missing number problems.
- I can solve problems with addition and subtraction using concrete objects and pictorial representations, including

### Measurement

- I can compare and order lengths, mass, volume/capacity and record the results using  $>$   $<$  and  $=$ .
- I can choose and use standard units to estimate and measure length/height in any direction in m and cm using rulers.
- I can choose and use standard units to estimate and measure mass in kg and g using scales.
- I can choose and use standard units to estimate and measure temperature in  $^{\circ}\text{C}$  using thermometers.
- I can choose and use standard units to estimate and measure capacity in l and ml using measuring vessels.
- I recognise and use symbols for  $\pounds$  and p and combine amounts to make a particular value.
- I can find different combinations of coins that equal the same amount of money.
- I can tell and write the time to five minutes, including quarter to/past and draw the hands on a clock face to show these times.
- I can compare and sequence intervals of time.
- I know the number of minutes in an hour.
- I know the number of hours in a day.
- I can solve simple problems in a practical context involving addition and subtraction of money of the same units, including giving change.

### Geometry – properties of shapes

- I can compare and sort common 2D shapes and everyday objects.
- I can compare and sort common 3D shapes and everyday objects.
- I can identify and describe the properties of 2D shapes, including the number of sides and line of symmetry in a vertical

those involving numbers, quantities and measures.

- I can solve problems with addition and subtraction applying my increasing knowledge of mental and written methods.
- I can recall and use multiplication and division facts for the 2, 5 and 10x tables, including recognising odd and even numbers.
- I can calculate mathematical statements for multiplication and division within the multiplication tables and write them using the multiplication, division and equals signs.
- I can solve problems involving multiplication and division, using materials, arrays, repeated addition, mental methods, and multiplication and division facts, including problems in context.
- I can show that addition of two numbers can be done in any order (commutative) and subtraction of one number from another cannot.
- I can show that multiplication of two numbers can be done in any order (commutative) and division of one number by another cannot.

#### **Fractions**

- I recognise, find, name and write fractions  $\frac{1}{3}$ ,  $\frac{1}{4}$ ,  $\frac{2}{4}$  and  $\frac{3}{4}$  of a length, shape, set of objects or quantity.
- I can write simple fractions.
- I recognise the equivalence of  $\frac{2}{4}$  and  $\frac{1}{2}$ .

line.

- I can identify and describe the properties of 3D shapes including the number of edges, vertices and faces.
- I can identify 2D shapes on the surface of 3D shapes.

#### **Geometry – position and direction**

- I can order and arrange combinations of mathematical objects in patterns and sequences.
- I can use mathematical vocabulary to describe position, direction and movement (including movement in a straight line and distinguishing between rotation as a turn and in terms of right angles for quarter, half and three-quarter turns (clockwise and anti clockwise).

#### **Statistics**

- I can interpret and construct simple pictograms.
- I can interpret and construct tally charts.
- I can interpret and construct block diagrams.
- I can interpret and construct simple tables.
- I can ask and answer simple questions by counting the number of objects in each category and sorting the categories by quantity.
- I can ask and answer questions about totalling and comparing categorical data.

## A year 3 mathematician

### Number, place value, approximation and estimation/rounding

- I can count from 0 in multiples of 4, 8, 50 and 100.
- I can compare and order numbers up to 1,000.
- I can read and write numbers to 1,000 in numerals and words.
- I can find 10 or 100 more or less than a given number.
- I can recognise the place value of each digit in a 3-digit number.
- I can identify, represent and estimate numbers using different representations.
- I can solve number problems and practical problems using above.

### Calculations

- I can add and subtract mentally, including:
  - A 3-digit number and ones
  - A 3-digit number and tens
  - A 3-digit number and hundreds
- I can add and subtract numbers with up to three digits, using formal written methods of columnar addition and subtraction.
- I can estimate the answer to a calculation and use inverse operation to check answers.
- I can solve problems, including missing number problems, using number facts, place value, and more complex addition and subtraction.
- I can recall and use multiplication and division facts for the 3, 4 and 8x tables.
- I can write and calculate mathematical statements for multiplication and division using the multiplication tables, including for 2-digit numbers, using mental and

### Measurement

- I can compare lengths using m, cm & mm.
- I can compare mass using kg & g.
- I can compare volume/capacity using l & ml.
- I can measure lengths using m, cm & mm.
- I can measure mass using kg & g.
- I can measure volume/capacity using l & ml.
- I can add and subtract lengths using m, cm & mm.
- I can add and subtract mass using kg & g.
- I can add and subtract volume/capacity using l & ml.
- I can tell and write the time from an analogue clock (12 hour clock).
- I can tell and write the time from an analogue clock (24 hour clock).
- I can tell and write the time from an analogue clock (Roman numerals).
- I can estimate and read time with increasing accuracy to the nearest minute.
- I can record and compare time in terms of seconds, minutes and hours.
- I can use the following vocabulary: o'clock, am, pm, morning, afternoon, noon & midnight.
- I know the number of seconds in a minute.
- I know the number of days in each month, year and leap year.
- I can compare the duration of events.
- I can measure the perimeter of simple 2D shapes.
- I can add and subtract amounts of money to give change, using both £ and p in a practical context.

### Geometry – properties of shapes

- I can identify horizontal, vertical lines and pairs of perpendicular and parallel lines.

progressing to formal written methods.

- I can solve problems, including missing number problems, involving multiplication and division, including integer scaling problems and correspondence problems in which  $n$  objects are connected to  $m$  objects.

#### **Fractions, decimals and percentages**

- I can count up and down in tenths.
- I recognise that tenths arise from dividing an object into 10 equal parts and in dividing 1-digit numbers or quantities by 10.
- I recognise and can find and write fractions of a discrete set of objects: unit fractions and non-unit fractions with small denominators.
- I can compare and order unit fractions and fractions with the same denominators.
- I can add and subtract fractions with the same denominator within one whole.
- I can solve problems involving the above.

- I can draw 2D shapes.
- I can make 3D shapes using modelling materials.
- I recognise 3D shapes in different orientations and describe them.
- I recognise that angles are a property of shape or a description of a turn.
- I can identify right angles.
- I recognise that two right angles make a half-turn & three make a three quarter turn.
- I can identify whether angles are greater than or less than a right angle.

#### **Statistics**

- I can interpret and present data using bar charts, pictograms and tables.
- I can solve one-step and two-step questions using information presented in scaled bar charts, pictograms and tables.

## A year 4 mathematician

### Number, place value, approximation and estimation/rounding

- I can count in multiples of 6, 7, 9, 25 and 1,000.
- I can order and compare numbers beyond 1,000.
- I can find 1,000 more or less than a given number.
- I recognise the place value of each digit in a 4-digit number.
- I can read Roman numerals to 100 and know that over time the numeral system changed to include the concept of zero and place value.
- I can identify, represent and estimate numbers using different representations.
- I can round any number to the nearest 10, 100 or 1,000.
- I can count backwards through zero to include negative numbers.
- I can solve number and practical problems with the above (involving increasingly large numbers).

### Calculations

- I can add and subtract numbers with up to 4-digits using the formal written methods of columnar addition and subtraction.
- I can estimate and use inverse operations to check answers in a calculation.
- I can solve addition and subtraction 2-step problems in contexts, deciding which operations and methods to use and why.
- I can recall multiplication and division facts up to  $12 \times 12$ .
- I can use place value, known and derived facts to multiply and divide mentally, including: multiplying by 0 and 1; dividing by 1; multiplying together three numbers.
- I recognise and use factor pairs and commutativity in

### Measurement

- I can compare different measures, including money in £ and p.
- I can estimate different measures, including money in £ and p.
- I can calculate different measures. Including money in £ and p.
- I can read, write and convert time between analogue and digital 12 hour clocks.
- I can read, write and convert time between analogue and digital 24 hour clocks.
- I can solve problems involving converting from hours to minutes; minutes to seconds; years to months; weeks to days.
- I can convert between different units of measurements
- I can measure and calculate the perimeter of a rectilinear figure in cm and m.
- I can find the area of rectilinear shapes by counting squares.
- I can calculate different measures

### Geometry – properties of shapes

- I can compare and classify geometric shapes, including quadrilateral and triangles based on their properties and sizes.
- I can identify lines of symmetry in 2D shapes presented in different orientations.
- I can complete a simple symmetric figure with respect to a specific line of symmetry,
- I can identify acute and obtuse angles and compare and order angles up to two right angles by size.

### Geometry – position and direction

- I can describe movements between positions as translations of a given unit to the left/right and up/down.
- I can describe positions on a 2D grid as coordinates in the first quadrant.
- I can plot specified points and draw sides to complete a given polygon.

mental calculations.

- I can multiply 2-digit numbers by a 1-digit number using formal written layout.
- I can solve problems involving multiplying and adding, including using the distributive law to multiply 2-digit numbers by 1-digit, integer scaling problems and harder correspondence problems such as  $n$  objects are connected to  $m$  objects.

#### **Fractions, decimals and percentages**

- I can count up and down in hundredths.
- I recognise that hundredths arise when dividing an object by a hundred and dividing tenths by ten.
- I recognise and show using diagrams, families of common equivalent fractions.
- I can add and subtract fractions within the same denominator.
- I recognise and write decimal equivalents to  $\frac{1}{4}$ ,  $\frac{1}{2}$  and  $\frac{3}{4}$ .
- I recognise and write decimal equivalents of any number of tenths or hundredths.
- I can round decimals with one decimal place to the nearest whole number.
- I can compare numbers with the same number of decimal places up to 2 decimal places.
- I can find the effect of dividing a 1-digit or 2-digit number by 10 and 100, identifying the value of the digits in the answer as ones, tenths and hundredths.
- I can solve problems involving increasingly harder fractions and fractions to divide quantities, including non-unit fractions where the answer is a whole number.
- I can solve simple measure and money problems involving fractions and decimals to 2 decimal places.

#### **Statistics**

- I can interpret and present discrete and continuous data using appropriate graphical methods, including bar charts and time graphs.
- I can solve comparison, sum and difference problems using information presented in bar charts, pictograms, tables and other graphs.

## A year 5 mathematician

### Number

- I can count forwards and backwards in steps of powers of 10 for any given number up to 1,000,000.
- I recognise and use thousandths and relate them to tenths, hundredths and decimal equivalents.
- I recognise mixed numbers and improper fractions and can convert from one to the other.
- I can read and write decimal numbers as fractions.
- I recognise the % symbol and understand percent relates to a number of parts per hundred.
- I can write percentages as a fraction with denominator hundred and as a decimal fraction.
- I can compare and add fractions whose denominators are all multiples of the same number.
- I can multiply and divide numbers mentally drawing on known facts up to  $12 \times 12$ .
- I can round decimals with 2dp to the nearest whole number and to 1dp.
- I recognise and use square numbers and cube numbers; and can use the notation  $^2$  and  $^3$ .
- I can multiply and divide whole numbers and those involving decimals by 10, 100 and 1000.
- I can multiply numbers up to 4-digit by a 1 or 2-digit

### Measurement

- I can solve problems involving converting between units of time.
- I can convert between different units of metric measure.
- I understand and use approximate equivalences between metric units and common imperial units, such as inches, pounds and pints.
- I can measure and calculate the perimeter of composite rectilinear shapes in cm and m.
- I can calculate and compare the area of rectangles (including squares), and including using standard units ( $\text{cm}^2$  and  $\text{cm}^3$ ) to estimate the area of irregular shapes.
- I can estimate volume and capacity.
- I can use all four operations to solve problems involving money using decimal notation, including scaling.

### Geometry – properties of shapes

- I can use the properties of rectangles to deduce related facts and find missing lengths and angles.
- I can distinguish between regular and irregular polygons based on reasoning about equal sides and angles.
- I can identify 3D shapes, including cubes and other cuboids, from 2D representations.
- I know angles are measured in degrees.

number using formal written methods, including long multiplication for a 2-digit number.

- I can divide numbers up to 4-digits by a 1-digit number.
- I can solve problems involving multiplication and division where large numbers are used by decomposing them into factors.
- I can solve addition and subtraction multi-step problems in context, deciding which operations and methods to use and why.
- I can solve problems involving numbers up to 3dp.

- I can estimate and compare acute, obtuse and reflex angles.
- I can identify angles at a point and one whole turn.
- I can identify angles at a point on a straight line and  $\frac{1}{2}$  a turn.
- I can identify other multiples of  $90^\circ$ .
- I can draw given angles and measure them in degrees.

#### **Geometry – position and direction**

- I can identify, describe and represent the position of a shape following a reflection or translation, using the appropriate language, and know that the shape has not changed.

#### **Statistics**

- I can complete, read and interpret information in tables, including timetables.
- I can solve comparison, sum and difference problems using information presented in a line graph.

## A year 6 mathematician

### Number

- I can use negative numbers in context, and calculate intervals across zero.
- I can round any whole number to a required degree of accuracy and solve problems which require answers to be rounded to a specific degree of accuracy.
- I can solve problems involving the relative sizes of two quantities where the missing values can be found by using integer multiplication and division facts.
- I can use common factors to simplify fractions; use common multiples to express fractions in the same denomination.
- I can solve problems involving the calculation of percentages.
- I can multiply 1-digit numbers with up to two decimal places by whole numbers.
- I can perform mental calculations, including with mixed operations with large numbers.
- I can divide numbers up to 4-digits by a 2-digit whole number using formal written methods of long division and interpret remainder in various ways.
- I use my knowledge of order of operations to carry out calculations involving all four operations.
- I can add and subtract fractions with different denominators and mixed numbers, using the concept of equivalent fractions.
- I can multiply simple pairs of proper fractions, writing the answer in its simplest form.
- I can divide proper fractions by whole numbers.
- I can associate a fraction with division and calculate decimal fraction equivalents.

### Measurement

- I can use, read, write and convert between standard units, converting measurements of length, mass, volume and time from a smaller unit of measure to a larger unit, and vice versa, using decimal notation of up to 3 decimal places.
- I can convert between miles and kilometres.
- I recognise that shapes with the same areas can have different perimeters and vice versa.
- I can calculate the area of parallelograms and triangles.
- I recognise when it is possible to use the formulae for the area of shapes.
- I can calculate, estimate and compare volume of cubes and cuboids, using standard units.
- I recognise when it is possible to use the formulae for the volume of shapes.
- I can solve problems involving the calculation and conversion of units of measure, using decimal notation up to 3 decimal places where appropriate.

### Geometry – properties of shapes

- I can compare and classify geometric shapes based on the properties and sizes.
- I can describe simple 3D shapes.
- I can draw 2D shapes given dimensions and angles.
- I recognise and build simple 3D shapes, including making nets.
- I can find unknown angles in any triangles, quadrilaterals and regular polygons.
- I recognise angles where they meet at a point, are on a straight line, or are vertically opposite, and find missing angles.
- I can illustrate and name parts of circles, including radius, diameter and circumference.

- I can express missing number problems algebraically.
- I can find pairs of numbers that satisfy number sentences involving two unknowns.

- I know the diameter is twice the radius.

**Geometry – position and direction**

- I can draw and translate simple shapes on the co-ordinate plane, and reflect them in the axes.
- I can describe positions on the full co-ordinate grid (all four quadrants).

**Statistics**

- I can interpret and construct pie charts and line graphs and use these to solve problems
- I can calculate and interpret the mean as an average.

## SCIENCE KEY ASSESSMENT CRITERIA

A year 1 scientist			
<p><b>Working scientifically (Y1 and Y2)</b></p> <ul style="list-style-type: none"><li>• I can ask simple scientific questions.</li><li>• I can use simple equipment to make observations.</li><li>• I can carry out simple tests.</li><li>• I can identify and classify things.</li><li>• I can suggest what I have found out.</li><li>• I can use simple data to answer questions</li></ul>	<p><b>Biology</b></p> <p><u>Plants</u></p> <ul style="list-style-type: none"><li>• I can name a variety of common wild and garden plants.</li><li>• I can name the petals, stem, leaf and root of a plant.</li><li>• I can name the roots, trunk, branches and leaves of a tree.</li></ul> <p><u>Animals, including humans</u></p> <ul style="list-style-type: none"><li>• I can name a variety of animals including fish, amphibians, reptiles birds and mammals.</li><li>• I can classify and name animals by what they eat (carnivore, herbivore and omnivore).</li><li>• I can sort animals into categories (including fish, amphibians, reptiles, birds and mammals).</li><li>• I can sort living and non-living things.</li></ul>	<p><b>Chemistry</b></p> <p><u>Everyday materials</u></p> <ul style="list-style-type: none"><li>• I can distinguish between an object and the material it is made from.</li><li>• I can explain the materials that an object is made from.</li><li>• I can name wood, plastic, glass, metal, water and rock.</li><li>• I can describe the properties of everyday materials.</li><li>• I can group objects based on the materials they are made from.</li></ul>	<p><b>Physics</b></p> <p><u>Seasonal changes</u></p> <ul style="list-style-type: none"><li>• I can observe and comment on changes in the seasons.</li><li>• I can name the seasons and suggest the type of weather in each season.</li></ul>

	<ul style="list-style-type: none"><li>• I can name the parts of the human body that I can see.</li><li>• I can link the correct part of the human body to each sense.</li></ul>		
--	---	--	--

A year 2 scientist

---	---------------------	--	--

A year 4 scientist

<p><b>Working scientifically (Y3 and Y4)</b></p> <ul style="list-style-type: none"> <li>• I can ask relevant scientific questions.</li> <li>• I can use observations and knowledge to answer scientific questions.</li> <li>• I can set up a simple enquiry to explore a scientific question.</li> <li>• I can set up a test to compare two things.</li> <li>• I can set up a fair test and explain why it is fair.</li> <li>• I can make careful and accurate observations, including the use of standard units.</li> <li>• I can use equipment, including thermometers and data loggers to make measurements.</li> <li>• I can gather, record, classify and present data in different ways to answer scientific questions.</li> <li>• I can use diagrams, keys, bar charts and</li> </ul>	<p><b>Biology</b> <u>Living things and their habitats</u></p> <ul style="list-style-type: none"> <li>• I can group living things in different ways.</li> <li>• I can use classification keys to group, identify and name living things.</li> <li>• I can create classification keys to group, identify and name living things (for others to use).</li> <li>• I can describe how changes to an environment could endanger living things.</li> </ul> <p><u>Animals, including humans</u></p> <ul style="list-style-type: none"> <li>• I can identify and name the parts of the human digestive system.</li> <li>• I can describe the functions of the organs in the human digestive system.</li> <li>• I can identify and describe the different types of teeth in humans.</li> <li>• I can describe the functions of different human teeth.</li> <li>• I can use food chains to identify producers,</li> </ul>	<p><b>Chemistry</b> <u>States of matter</u></p> <ul style="list-style-type: none"> <li>• I can group materials based on their state of matter (solid, liquid, gas).</li> <li>• I can describe how some materials can change state.</li> <li>• I can explore how materials change state.</li> <li>• I can measure the temperature at which materials change state.</li> <li>• I can describe the water cycle.</li> <li>• I can explain the part played by evaporation and condensation in the water cycle.</li> </ul>	<p><b>Physics</b> <u>Sound</u></p> <ul style="list-style-type: none"> <li>• I can describe how sound is made.</li> <li>• I can explain how sound travels from a source to our ears.</li> <li>• I can explain the place of vibration in hearing.</li> <li>• I can explore the correlation between pitch and the object producing a sound.</li> <li>• I can explore the correlation between the volume of a sound and the strength of the vibrations that produced it.</li> <li>• I can describe what happens to a sound as it travels away from its source.</li> </ul> <p><u>Electricity</u></p> <ul style="list-style-type: none"> <li>• I can identify and name appliances that require electricity to function.</li> <li>• I can construct a series circuit.</li> <li>• I can identify and name the components in a series circuit (including cells,</li> </ul>
---	--	--	---

<p>tables; using scientific language.</p> <ul style="list-style-type: none"> <li>• I can use findings to report in different ways, including oral and written explanations, presentation.</li> <li>• I can draw conclusions and suggest improvements.</li> <li>• I can make a prediction with a reason.</li> <li>• I can identify differences, similarities and changes related to an enquiry.</li> </ul>	<p>predators and prey.</p> <ul style="list-style-type: none"> <li>• I can construct food chains to identify producers, predators and prey.</li> </ul>		<p>wires, bulbs, switches and buzzers).</p> <ul style="list-style-type: none"> <li>• I can draw a circuit diagram.</li> <li>• I can predict and test whether a lamp will light within a circuit.</li> <li>• I can describe the function of a switch in a circuit.</li> <li>• I can describe the difference between a conductor and insulators; giving examples of each.</li> </ul>
---	---	--	--

A year 5 scientist

<p><b>Working scientifically (Y5 and Y6)</b></p>	<p><b>Biology</b> <u>Living things and their habitats</u></p>	<p><b>Chemistry</b> <u>Properties and changes of materials</u></p>	<p><b>Physics</b> <u>Earth and space</u></p>
<ul style="list-style-type: none"> <li>• I can plan different types of scientific enquiry.</li> <li>• I can control variables in an enquiry.</li> <li>• I can measure accurately and precisely using a range of equipment.</li> <li>• I can record data and results using scientific diagrams and labels, classification keys, tables, scatter graphs, bar and line graphs.</li> <li>• I can use the outcome of test results to make predictions and set up a further comparative fair test.</li> <li>• I can report findings from enquiries in a range of ways.</li> <li>• I can explain a conclusion from an enquiry.</li> <li>• I can explain causal relationships in an enquiry.</li> <li>• I can relate the outcome</li> </ul>	<ul style="list-style-type: none"> <li>• I can describe the life cycle of different living things, e.g. mammal, amphibian, insect bird.</li> <li>• I can describe the differences between different life cycles.</li> <li>• I can describe the process of reproduction in plants.</li> <li>• I can describe the process of reproduction in animals. <u>Animals, including humans</u></li> <li>• I can create a timeline to indicate stages of growth in humans.</li> </ul>	<ul style="list-style-type: none"> <li>• I can compare and group materials based on their properties (e.g. hardness, solubility, transparency, conductivity, [electrical &amp; thermal], and response to magnets).</li> <li>• I can describe how a material dissolves to form a solution; explaining the process of dissolving.</li> <li>• I can describe and show how to recover a substance from a solution.</li> <li>• I can describe how some materials can be separated.</li> <li>• I can demonstrate how materials can be separated (e.g. through filtering, sieving and evaporating).</li> <li>• I know and can demonstrate that some changes are reversible and some are not.</li> <li>• I can explain how some changes result in the formation of a new material</li> </ul>	<ul style="list-style-type: none"> <li>• I can describe and explain the movement of the Earth and other planets relative to the Sun.</li> <li>• I can describe and explain the movement of the Moon relative to the Earth.</li> <li>• I can explain and demonstrate how night and day are created.</li> <li>• I can describe the Sun, Earth and Moon (using the term spherical). <u>Forces</u></li> <li>• I can explain what gravity is and its impact on our lives.</li> <li>• I can identify and explain the effect of air resistance.</li> <li>• I can identify and explain the effect of water resistance.</li> <li>• I can identify and explain the effect of friction.</li> <li>• I can explain how levers, pulleys and gears allow a smaller force to have a greater effect.</li> </ul>

<p>from an enquiry to scientific knowledge in order to state whether evidence supports or refutes an argument or theory.</p> <ul style="list-style-type: none"><li>• Read, spell and pronounce scientific vocabulary accurately.</li></ul>		<p>and that this is usually irreversible.</p> <ul style="list-style-type: none"><li>• I can discuss reversible and irreversible changes.</li><li>• I can give evidenced reasons why materials should be used for specific purposes.</li></ul>	
--	--	---	--

A year 6 scientist

<ul style="list-style-type: none"> <li>• <b>Working scientifically (Y5 and Y6)</b></li> <li>• I can plan different types of scientific enquiry.</li> <li>• I can control variables in an enquiry.</li> <li>• I can measure accurately and precisely using a range of equipment.</li> <li>• I can record data and results using scientific diagrams and labels, classification keys, tables, scatter graphs, bar and line graphs.</li> <li>• I can use the outcome of test results to make predictions and set up a further comparative fair test.</li> <li>• I can report findings from enquiries in a range of ways.</li> <li>• I can explain a conclusion from an enquiry.</li> <li>• I can explain causal relationships in an enquiry.</li> <li>• I can relate the outcome from an enquiry to</li> </ul>	<p><b>Biology</b> <u>Living things and their habitats</u></p> <ul style="list-style-type: none"> <li>• I can classify living things into broad groups according to observable characteristics and based on similarities &amp; differences.</li> <li>• I can describe how living things have been classified.</li> <li>• I can give reasons for classifying plants and animals in a specific way.</li> </ul> <p><u>Animals, including humans</u></p> <ul style="list-style-type: none"> <li>• I can identify and name the main parts of the human circulatory system.</li> <li>• I can describe the function of the heart, blood vessels and blood.</li> <li>• I can discuss the impact of diet, exercise, drugs and life style on health.</li> <li>• I can describe the ways in which nutrients and water are transported in animals, including humans.</li> </ul> <p><u>Evolution and</u></p>	<p><b>Chemistry</b> No content</p>	<p><b>Physics</b> <u>Light</u></p> <ul style="list-style-type: none"> <li>• I can explain how light travels.</li> <li>• I can explain and demonstrate how we see objects.</li> <li>• I can explain why shadows have the same shape as the object that casts them.</li> <li>• I can explain how simple optical instruments work, e.g. periscope, telescope, binoculars, mirror, magnifying glass etc.</li> </ul> <p><u>Electricity</u></p> <ul style="list-style-type: none"> <li>• I can explain how the number &amp; voltage of cells in a circuit links to the brightness of a lamp or the volume of a buzzer.</li> <li>• I can compare and give reasons for why components work and do not work in a circuit.</li> <li>• I can draw circuit diagrams using correct symbols.</li> </ul>
---	--	--	---

<p>scientific knowledge in order to state whether evidence supports or refutes an argument or theory.</p> <ul style="list-style-type: none"> <li>• Read, spell and pronounce scientific vocabulary accurately.</li> <li>•</li> </ul>	<p><u>inheritance</u></p> <ul style="list-style-type: none"> <li>• I can describe how the earth and living things have changed over time.</li> <li>• I can explain how fossils can be used to find out about the past.</li> <li>• I can explain about reproduction and offspring (recognising that offspring normally vary and are not identical to their parents).</li> <li>• I can explain how animals and plants are adapted to suit their environment.</li> <li>• I can link adaptation over time to evolution.</li> <li>• I can explain evolution.</li> </ul>
