

# Schools Website App

## Exciting new developments

Dear Parents/Carers,

School is moving away from text messages and will be utilising the school website app to send out messages and emails to parents. These messages will be reminders about activities for both specific classes and also whole school messages, personal messages will, for now, remain via text.

### WHAT TO DO NEXT

What we need you to do is download the 'School Spider' app which will give you easy access to the school website and also allows you to receive direct messages from us. The app itself is called "School Spider" and is available to download for free on any android or apple smart phones from the app store.

Once downloaded you can view a YouTube video to see how the app works.

<https://www.youtube.com/watch?v=iPmH-CEhLcg&feature=youtu.be>

You will receive an email tomorrow with a user name and password which will allow you to log in – you can then change your password to something you can remember.

If you have not yet provided an email address to school then please do so ASAP.

**PARENTS EVENING Tuesday 20<sup>th</sup> March – Again we are moving with the times and you will be able to book your own slot via the app. This will be available tomorrow so get downloading now!**

Please find attached a letter with more information on how to use the 'School Spider' app.

Our website was updated last year and continues to develop to give us greater communication with you and keep you fully informed of all the fabulous things your child is getting up to in school. I hope you find this useful and we welcome any feedback.

Please remember it is very important to keep school advised of your current telephone and email contact details so that we can reach you in an emergency and also keep you informed of school activities – don't forget to tell us if your details change.

Yours faithfully,

Mrs Warburton

**Head Teacher: Mrs H Warburton**
